

ATEC PRODUCTION ROLE-UAT SIGN-OFF CHECKLIST

Assistant • Inspector • Manager | Job Crew and Timesheet Workflow

Control field	Value
Document ID	ATEC-UAT-TIME-002
Version	1.0
UAT environment	https://www.atecinspections.co.za/
Public login/API health	Verified 10 August 2026
UAT date	10 August 2026
Test lead	Codex-assisted production verification
Process owner	ATEC Process Owner - signature pending
DATA CONTROL: Use approved synthetic customer, job and employee records. Do not alter a real employee timesheet or operational job for training. Record evidence without exposing passwords or unnecessary personal information.	

1. Entry criteria

- ☒ Process owner approved the UAT scenario and synthetic replacement job.
- ☒ Authorised Assistant, Inspector and Manager training accounts were available.
- ☒ ATEC Training customer/site was used without altering operational records.
- ☐ Desktop browser passed; approved physical mobile device remains open.
- ☒ The tester used the detailed role guide and Tutorials 9-12.

2. Public availability

Test	Expected result	Pass	Evidence / issue
Open production URL	ATEC Inspection Platform displays ATEC Login, Username or Email, Password and Login.	PASS	HTTPS login loaded successfully.
Open /api/	Response states ATEC backend is running.	PASS	Backend responded: ATEC backend is running.
Refresh login page	Login page reloads without routing or certificate error.	PASS	Refresh and authenticated navigation passed.

3. Assistant role walkthrough

Step	Expected result	Pass	Evidence / issue
------	-----------------	------	------------------

ATEC-UAT-TIME-002 | Production Role-UAT Sign-off Checklist | v1.0

Log in as Assistant	Displayed identity and role belong to the authorised Assistant test account.	PASS	01Assistant identity and ASSISTANT role verified.
Inspect Jobs & Time	My Day / Timesheet is available; Technician Job Cards and Timesheet Approvals are not available.	PASS	Only My Day / Timesheet and Account exposed.
Open My Day	Selected date, status, time rows, totals, exception control, submit control and history are visible.	PASS	Copied-time, exception, history, PDF and submit controls verified.
Add manual WORK exception	Numeric test Accelo Job Number, actual start/end and details save successfully.	NOT RUN	Manual exception save left for supervised competency exercise.
Attempt nonnumeric job number	System rejects the job-related entry with a clear validation message.	NOT RUN	Negative validation test left for supervised competency exercise.
Edit unlocked entry	Corrected start/end saves only after an audit reason of at least five characters.	NOT RUN	Correction audit test left for supervised competency exercise.
Submit day	Status becomes Employee Submitted and employee controls become read-only.	PASS	2.00-hour synthetic sheet submitted; controls became read-only.

4. Inspector role walkthrough

Step	Expected result	Pass	Evidence / issue
Log in as Inspector	Displayed identity and INSPECTOR role are correct.	PASS	01Inspector identity and INSPECTOR role verified.
Inspect Jobs & Time	Technician Job Cards and My Day are available; Timesheet Approvals is not available.	PASS	Job Cards and My Day available; approvals absent.
Open assigned synthetic job	Inspector can open only an assigned or created job.	PASS	Created controlled JC-2026-00004 under ATEC Training.
Add Assistant under Job Crew	Correct synthetic Assistant appears once with ASSISTANT role and included time.	PASS	01Assistant included once with Assistant role.
Save/reopen job	Crew selection persists.	PASS	Crew persisted after save/reopen.
Complete timeline	Departed, Arrived, Work Started, Work Completed and Travel Completed retain factual sequence.	PASS	08:00-10:00 factual synthetic sequence retained.
Submit job	Valid timeline segments are copied to the included lead and Assistant.	PASS	Three segments copied to included Assistant on submission.

CONTROLLED UAT RECORD — COMPLETE IN INK OR APPROVED ELECTRONIC WORKFLOW

5. Assistant copied-time confirmation

Step	Expected result	Pass	Evidence / issue
Assistant reopens My Day	TRAVEL/STANDBY/WORK segments match the submitted job timeline.	PASS	TRAVEL 0.50 + WORK 1.00 + TRAVEL 0.50 matched job 9990810.
Correct a personal difference	Assistant can correct an unlocked copied line with a reason.	NOT RUN	No correction was required; retained for competency exercise.
Check duplicate protection	No duplicate job-card segment is created during the controlled scenario.	PASS	Exactly three unique copied rows; no duplicate segment.
Submit	Assistant confirms and submits their own sheet.	PASS	Status changed to EMPLOYEE SUBMITTED and became read-only.

6. Manager review boundary

Step	Expected result	Pass	Evidence / issue
Log in as Manager	Timesheet Approvals is available.	PASS	01Manager identity verified; approval queue available.
Open Assistant sheet	Employee/date/job/totals and audit history are visible.	PASS	01Assistant, 10 Aug 2026, job 9990810 and totals verified.
Return with reason	Assistant sees Returned status and reviewer reason, then can correct.	NOT RUN	Return path retained for supervised Manager competency exercise.
Approve corrected sheet	Sheet moves to Manager Approved.	PASS	Status changed to MANAGER APPROVED.
Verify Inspector boundary	Inspector cannot approve the Assistant timesheet.	PASS	Inspector menu contained no Timesheet Approvals function.

7. Mobile/device verification

Device / browser	Screen	Expected result	Pass	Evidence / issue
_____	Login	No horizontal clipping; fields and Login button usable.	OPEN	Physical approved-device check remains a rollout hold point.
_____	Assistant My Day	Date, rows, exception controls and submit button usable.	OPEN	Physical approved-device check remains a rollout hold point.
_____	Inspector Job Crew	Crew selection and timeline fields usable.	OPEN	Physical approved-device check remains a rollout hold point.

8. Exit and evidence controls

- ☒ Cancel synthetic job JC-2026-00004 after the controlled approval-path test.
- ☒ No temporary accounts were created; controlled role accounts retained.
- ☒ Confirm no payroll export, HR acceptance or Accelo package was created.
- ☐ Store any process-owner-approved production screenshots in the controlled evidence location.
- ☒ Record defects and completed fixes in the improvement register.

9. Final decision

Decision	Select one
Accepted for controlled training release	☐
Accepted with minor actions listed below	☒
Rejected — repeat UAT after correction	☐

Open actions / conditions:

1. Process-owner and document-control signatures.
2. Physical approved-device checks for Login, Assistant My Day and Inspector Job Crew.
3. Manual exception, negative validation, correction-audit and Manager-return exercises during competency sign-off.
